Assignment 04 Under Construction Page

Understand how to back-up/archive a prior website assignment located on a remote server and to repeat the process (more practice) of uploading a website assignment (Under Construction Page) from the local hard drive to a remote server.

01. Learning Tools

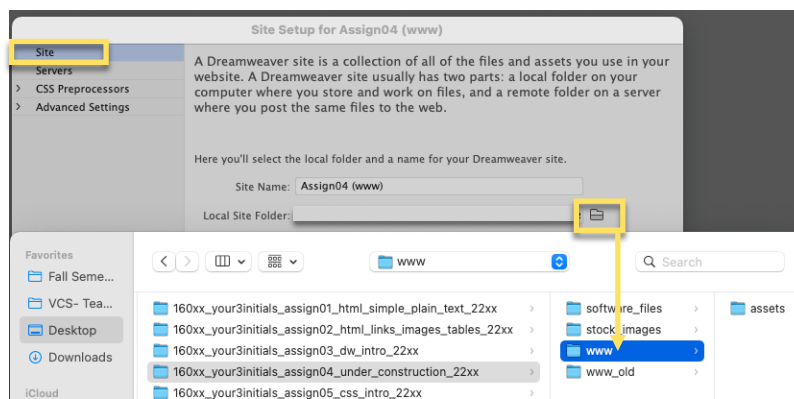

- a. Textbook: prior reading assignments
- b. MyCourses > assign00_File Naming Protocol.pdf
- c. MyCourses > HTML Codes.pdf
- d. MyCourses > Set-Up Dreamweaver.pdf
- e. MyCourses > Set-Up Server Connection.pdf
- f. MyCourses > Format and Compress Images.pdf
- g. Practice with codes: https://www.w3schools.com/html/html_examples.asp

02. Properly store .html, .jpg, .gif files in their appropriate sub-folder within the parent folder: **160xx_your3initials_assign04_under_construction_22xx**

03. Set-up “Manage Site” or Site > New Site in Dreamweaver as:

Site Name: assign04 (www)

Local Site Folder: (browse to your sub-folder labeled www)

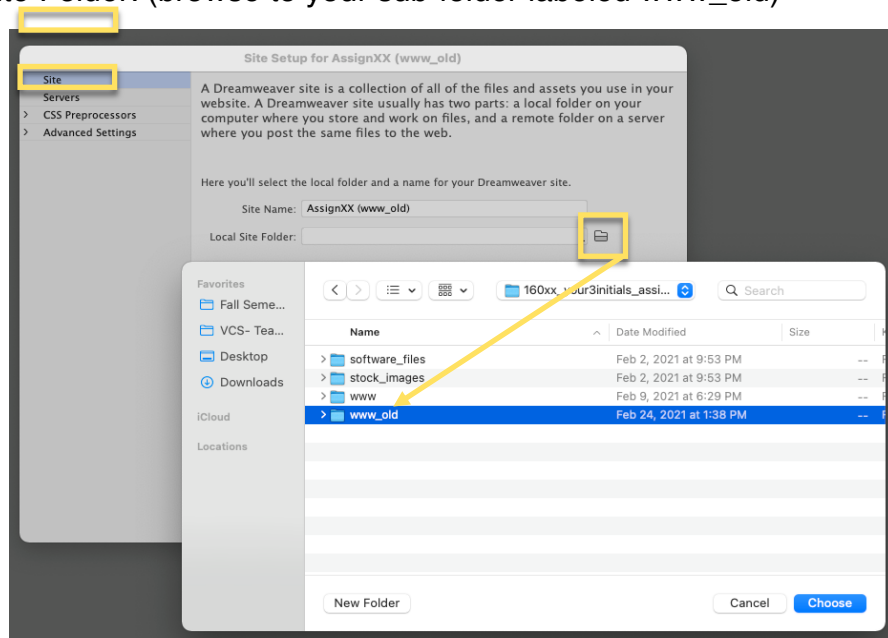

04. Name the Document Title as: **160xx_your3initials_assign04_22xx**

05. Name the HTML file/webpage as: index.html

06. Type or copy/paste the text (see below)
07. Select: Window > Properties
08. Organize/align and proof-check your codes within Dreamweaver and in a browser
09. RIT placed RIT-related server files with your assignment 03 files.
Use Dreamweaver to download all server files into www_old
(NOTE: do not copy/paste from 160xx_web_design_class_22xx >
160xx_your3initials_assign03_dw_intro_22xx > www because you will not have
RIT-related server files)
